

MASTER THE ART OF PRECISION TOUCH DESIGN

Learn the theory, understand the mechanics, master the practice

Five-Day Professional Training - Theory & Practice

April 28 – May 2, 2026 - Grub am Forst, Germany

REGISTRATION CLOSES ON MARCH 1, 2026

Deepen your expertise

Learn to see, measure, analyse and shape piano touch like never before! At the **Precision Touch Design Academy Europe**, you'll discover a completely new way of understanding the grand piano action.

Hidden aspects of touch and tone become visible, measurable, and achievable. Through accurate analysis, clear parameters, and insightful graphs, you'll learn to improve touch with confidence.

Important Online Introduction:

March 30, April 13, 2026 – 8 pm CET (Zoom)

Two live online sessions introducing PTD concepts before the in-person training.
