

The BDK Bund Deutscher Klavierbauer e. V. is involved as an exhibitor in the akustika26 trade fair (supporting event) from 24 to 26 April 2026. Together with the trade fair organiser A.F.A.G., the BDK makes a significant contribution to the face and character of the piano sector. The BDK is organising its annual conference at akustika26 parallel to the trade fair in the piano exhibitor area and is initiating a showcase of keyboard instrument manufacturers. **The financing is to be further supported by the participation of active market participants in the keyboard instrument industry - especially piano - by ensuring an advertising effect.**
